

Name	Anthony Chan
Position / Function	Sustainability Lead
Date of Report	17 May 2026

Activity Summary	I have set up a Sustainability Quality Improvement Collaborative (SQuIC) with a trainee (Rute Castelhana) leading this. The collaborative has trainee representatives from around the UK, including the Northwest, Yorkshire, East and West Midlands and Scotland. The aim is to grow the collaborative in a similar manner to the trainee research collaboratives. We have presented our first collaborative project which was presented as a short paper at the recent ASGBI Congress (<i>The Intercollegiate Green Theatre Checklist (v2): A Survey of Feasibility and Practicality</i>). In the next few months, the collaborative will be starting more projects designed and led by the trainee representatives.
Publications / Guidelines	N/A
Significant Events	Set up the Sustainability Quality Improvement Collaborative
Meetings Held	Sustainability Quality Improvement Collaborative meetings
Key Relationships	Trainees around the UK
Acknowledgements	Rute Castelhana (ST5 General Surgery trainee in the North West deanery)
Aims and Objectives for next period	Aims for this coming year: • Build on the Sustainability Quality Improvement Collaborative • Sustainability symposium for the 2027 Congress • Formalise a working group with industry partners and the Association of Anaesthetists
