Meetings Held	No additional ASGBI related meetings held other than those lead by ASGBI committee.
Key Relationships	I remain with the BHS education subcommittee.
Acknowledgements	The British Hernia Society.
Aims and Objectives for next period	Engagement with local trainees for a regional meeting if possible. I have been asked to help with teaching – local resources have dramatically changed, and there is no longer regional teaching. Perhaps there then is a role for a study day locally rather than asking trainees to commit to conference attendance.
